Leave Eligibility

Academic Faculty, Administrative Professionals, Post-Doctoral Fellows, Veterinary and Clinical Psychology Interns with an appointment of at least half-time or greater are eligible for Parental Leave. An employee who is not in a paid employment status is not eligible (e.g. leave without pay, sabbatical, etc.) Program details are available in the [Academic Faculty & Administrative Professional Manual](#) or the [HR Manual](#).

Leave Use

Parental Leave consists of **three (3) work weeks** of paid time off, in addition to the employee's accrued sick and annual leave (and any short term disability (STD) benefits to which the birth parent is entitled) to be used by a new parent to care for and bond with the child. Parental Leave, when combined with sick and annual leave and short term disability, is intended to ensure adequate time off and to provide, *in most circumstances*, compensation for at least 9 weeks of the birth parent's 12-week Family Medical Leave (FML) period. An adoptive parent, who is the primary caregiver is also eligible for 12 weeks of FML and a minimum of 9 weeks of paid leave, typically a combination of sick, annual and parental leave. A non-birth parent or an adoptive parent who is not the primary caregiver is eligible for 3 weeks of Parental Leave.

Fringe Pool Reimbursement

Parental leave provides for the transfer of funds from the fringe pool to the employee's home department.

- **Birth parent** - up to 12 weeks of sick, annual and parental leave, plus a maximum of 10 days for the STD waiting period if there is not enough accumulated leave
- **Adoptive parent** – up to 9 weeks of sick, annual and parental leave used by the primary caregiver
- **Non-birth parent or adoptive parent who is not the primary caregiver** – up to 3 weeks of parental leave
- **Faculty** (semester teaching relief) – up to 9 (or 11) weeks of sick, annual and parental leave, plus an additional 5 (or 7) weeks of teaching relief for a non-tenure track birth parent
