About Tambellini Group

The Tambellini Group is the leading independent technology research and advisory firm dedicated exclusively to higher education.

Tambellini Group members benefit from more than 100 unbiased research reports every year that provide insight and analysis on the changing higher ed technology landscape. With more than 20,250 institutional technology selections and nearly 70,000 listings, Tambellini Group's proprietary Education Institution Technology Profile Database® is unparalleled in the industry.

Founded in 2001, Tambellini Group is a woman-owned business headquartered in Irvington, Virginia.
