Follow these instructions to add your child to your CSU insurance. You are permitted to make mid-year election changes within 30 days of an IRS approved qualifying event. It is necessary to provide documentation (birth certificate) to Human Resources to substantiate the qualifying event and to establish the eligibility for, and the effective date of, the requested change within 30 days of the qualifying event.

Changes initiated or documentation received after 30 days will not be accepted and changes cannot be made until the next open enrollment period.

You will complete two steps:

- Add your newborn by entering their information in the Personal Information menu option.
- Complete enrollment of your newborn in CSU Benefits.

You must be connected through the GlobalProtect VPN. If needed, download the GlobalProtect VPN Desktop Agent (The web version, gateway.colostate.edu, will not allow access.
